

## Race Management Development Program

A Race Management training scheme has commenced during March with a one day introductory seminar run by Kevin Wilson on March 5th. Ten potential race management crew attended and enjoyed the interesting presentation. Thanks to Kevin for presenting an excellent introduction to the subject.

The next subject is a presentation on SYC safety documentation and procedures - to be held from 1900 to 2100 hours on Thursday April 6th. Race Officials & anyone else interested in the subject are welcome.

## Non Members looking to Sail

Non members looking to sail often call the office wanting advice on how to proceed. We are trying to improve the system and would like owners who need crew or who are willing to take out people on an introductory basis to register with the office by emailing Sailing News (address above) or fill in a form at the desk. Please specify event by name (eg. Wednesday Wonders) or a specific date if it is a once off situation.
