Disclaimer:

The availability of power on the Marina is allowed as a convenience. SYC accepts no responsibility for any damage or fault to your vessel's electrical wiring and equipment installed which may occur due to fluctuation and variation to the electrical voltage and power installed and connected on the Marina system. It is the users responsibility to ensure the vessel connected to the Marina electrical system is of a safe and satisfactory nature and acceptable to our Marina staff or authorised representative.

I acknowledge I have read and understood SYC's "Berthing instructions for connection to the SYC AC Power Supply Information Sheet"
